

# SAFETY DATA SHEET

### SECTION 1: PRODUCT AND COMPANY IDENTIFICATION

1.1 Product Identifier:

Product Name: BRAIN HEART INFUSION BROTH (BHI BROTH)

Catalog Numbers: AS-872, 8721, 8722, AND 8725

1.2 Relevant identified uses of the substance or mixture and uses advised against:

Intended Purpose: TruPRAS<sup>TM</sup> Anaerobic Culture Media is intended for the transport, preservation, or

cultivation of a wide variety of microorganisms from specimens to aid in the isolation of

bacteria for in vitro diagnostic and / or research / general laboratory purposes.

Intended Users: Scientists, laboratory and healthcare professionals trained in anaerobic microbiology

techniques working in areas such as clinical, research, industrial, pharmaceutical and

veterinary applications.

Restrictions on Use: No information available.

1.3 Details of the supplier of the safety data sheet:

Manufacturer: Anaerobe Systems

15906 Concord Circle Morgan Hill, CA 95037

Telephone: (408) 782-7557 or (800) 443-3108

Email: tech@biolog.com

1.4 Emergency Contact:

Anaerobe Systems (408) 782-7557

CHEMTREC (800) 424-9300 (24 hr. service)

# SECTION 2: HAZARD(S) IDENTIFICATION

2.1 Classification of the substance or mixture:

Hazard Classification: OSHA 29 CFR 1910.1200, CLP/GHS Regulation (EC) 1272/2008

Not classified as a hazardous substance or mixture.

2.2 Label elements:

GHS Label Elements: Product contains no substances considered to be hazardous at their given concentration

Signal Word: None Hazard Pictogram: None

Hazards not otherwise classified (HNOC):

None

Precautionary Statement: Not a hazardous substance or mixture.

## 2.3 Other hazards:

Contains no PBT or vPvB substances according to REACH No 1907/2006. This mixture does not contain substances with endocrine disrupting properties in accordance with the criteria laid down in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605.

# SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

#### 3.1 Substance:

This product is a mixture of substances for culture media and contains no hazardous constituents, or the concentration of all chemical constituents is below the regulatory threshold limits described in the OSHA Hazard Communication Standard 29 CFR 1910.1200 and Regulation (EC) 1272/2008. Major components are only listed for reference.

### 3.2 Mixtures:

Component Name	CAS No.	Weight %
Brain heart infusion		1.75
Proteose peptone		1.0
Yeast extract	8013-01-2	0.5
Sodium chloride	8028-77-1	0.5
Sodium phosphate dibasic	7558-79-4	0.25

# **SECTION 4: FIRST AID MEASURES**

### 4.1 Description of first aid measures:

General Information: No special measures required

Skin Contact: Immediately wash affected area with plenty of soap and water. Rinse thoroughly.

Eye Contact: Immediately rinse opened eye for several minutes under running water. If symptoms persist,

consult a doctor.

Inhalation: If breathing is difficult, remove victim to fresh air and keep at rest in a comfortable position

for breathing.

Ingestion: Rinse mouth with water (do not swallow). Never make an unconscious person vomit or drink

fluids.

Medical Attention: If skin/eye irritation or a rash occurs, if experiencing respiratory symptoms, or if you feel

unwell after exposure, seek medical advice/attention.

### 4.2 Most important symptoms and effects, both acute and delayed:

May cause irritation. No further information is available.

### 4.3 Indication of any immediate medical attention and special treatment needed:

Treat symptomatically. No further information is available.

# **SECTION 5: FIRE-FIGHTING MEASURES**

5.1 Extinguishing Media:

Suitable Extinguishing Media: Substance is nonflammable; use agent most appropriate to extinguish surrounding

fire.

Unsuitable Extinguishing Media: No information available.

# 5.2 Special Hazards Arising from the Substance or Mixture:

Small volumes of decomposition products during a fire may include carbon oxides.

**5.3 Advice for Firefighters:** Use protective equipment suitable to extinguish surrounding fire.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### 6.1 Personal Precautions, protective equipment, and emergency procedures:

Use personal protective equipment as per section 8. Wash thoroughly after dealing

with spillage.

**6.2 Environmental Precautions:** No special measures are required.

### 6.3 Methods and materials for containment and cleaning up:

Absorb spillage in inert material. Place it in a sealable container. Seal and label. Wash spill site (cover drains) after material pick up is complete. Seek expert advice for removal and disposal of all contaminated materials and waste.

# **SECTION 7: HANDLING AND STORAGE**

7.1 Precautions for safe handling: Handle in accordance with good industrial hygiene and safety practice. Avoid

inhalation and contact with skin and eyes. Eyewash stations/bottles should be available. Do not eat, drink, or smoke when using this product. Wash hands

thoroughly after using this product.

7.2 Conditions for safe storage, including any incompatibilities:

Storage: Store at temperatures between 15 - 25°C (59 - 77°F). Keep package sealed until

ready to use. Once removed from the packaging, store in anaerobic conditions

protected from light.

Incompatible Products: No information available.

**7.3 Specific end use(s):** The identified uses for this product are detailed in Section 1.2

# SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Control Parameters: This product contains no substances with occupational permissible exposure limit

values (PEL), or Threshold Limit Values (TLV).

8.2 Exposure Controls:

Engineering Controls: Ensure that eyewash stations and safety showers are close to the workstation

location. Ensure adequate ventilation, especially in confined areas.

Personal Protective Equipment: Good laboratory practices and usual precautionary measures for handling

chemicals should be followed.

Eye/Face Protection: Wear appropriate protective eyeglasses, chemical safety goggles, or face shield as

described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or

European Standard EN 166.

Skin and Body Protection: Wear appropriate protective gloves and clothing to prevent skin exposure when

handling inoculated media. Select appropriate protective clothing specifically for the workplace after risk assessment. Dispose contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands

after use.

Respiratory Protection: Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European

Standard EN 149. Use a NIOSH/MSHA or European Standard EN 149 approved respirators if exposure limits are exceeded or if irritation or other symptoms are

experienced.

Hygiene Measures: Handle in accordance with good industrial hygiene and safety practice. Wash hands

after direct contact. Do not wear product-contaminated clothing for prolonged periods. Remove and wash contaminated clothing before re-use. Do not eat, drink,

or smoke when using this product.

# **SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**

9.1 Information on Basic Physical and Chemical Properties:

Physical State: Liquid
Appearance: Transparent
Color: Yellow

Odor: No data available Odor threshold: No data available pH: 7.3 ± 0.3 @ 25°C Melting/Freezing Point: No data available Boiling Point/Range: No data available Flash Point: No data available **Evaporation Rate:** No data available Flammability (solid, gas): No data available

Flammability Limits in Air:

Upper No data available No data available Vapor Pressure: No data available Vapor Density: No data available Specific Gravity: No data available Water Solubility: Soluble

Solubility in Other Solvents: No data available Partition Coefficient: n-octanol/water: No data available No data available Autoignition Temperature: Decomposition Temperature: No data available No data available Kinematic Viscosity: Dynamic Viscosity: No data available **Explosive Properties:** No data available Oxidizing Properties: No data available

9.2 Other Information

Softening Point:

VOC Content (%):

Particle Size:

Particle Size Distribution:

No data available
No data available
No data available

# SECTION 10: STABILITY AND REACTIVITY

**10.1 Reactivity:** None known, based on data available.

**10.2 Chemical Stability:** Stable under normal conditions.

**10.3 Possibility of Hazardous Reactions:** None known, based on data available.

**10.4 Conditions to Avoid:** Excess heat and freezing conditions.

**10.5 Incompatible Materials:** Oxidizing substances.

**10.6 Hazardous Decomposition Products:** No data available Hazardous Polymerization: Does not occur.

Hazardous Reactions: No hazardous reaction if used for its intended purpose.

# SECTION 11: TOXICOLOGICAL INFORMATION

11.1 Information on hazard classes: Information on Toxicological Effects

Likely Route of Exposure: Eye contact, skin contact, and/or ingestion.

Symptoms: Slight mucosal irritation.

Delayed and Immediate Effects and Chronic Effects from Short- and Long-Term Exposure

Sensitization: No data available

Reproductive Toxicity: No data available

Aspiration Hazard: No data available

Mutagenic Effects: No data available

Carcinogenicity (IARC, NTP, OSHA, ACGIH): No component of this product presents at levels greater than or equal to

0.1% is identified as a probable, possible, or known/confirmed human

carcinogen.

STOT\*-Single Exposure: Not classified

(\*-specific target organ toxicity)

STOT\*-Repeated Exposure: No data available

(\*-specific target organ toxicity)

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

11.2 Information on Other Hazards:

Endocrine disrupting properties: The product/mixture has no endocrine disrupting properties.

### SECTION 12: ECOLOGICAL INFORMATION

12.1 Ecotoxicity: No data available

**12.2 Persistence and Degradability:** No data available

**12.3 Bioaccumulation Potential:** No data available

12.4 Mobility in Soil: No data available

12.5 Result of PBT and vPvB assessment: No data available

**12.6 Endocrine disrupting properties:** The product/mixture has no endocrine disrupting properties.

12.7 Other Adverse Effects: The ecological effects have not been thoroughly investigated but

currently none have been identified.

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1 Waste Treatment Methods:

The information presented only applies to the material as supplied. The considerations may not apply if the material has been used or otherwise contaminated. It is the responsibility of the waste generator to determine the toxicity and physical properties of the final waste generated to determine the proper disposal methods in accordance with all applicable federal, state, and local regulations.

Disposal Method: This material, as supplied, is not regarded as hazardous waste. Dispose of

in accordance with all applicable federal, state, and local regulations.

Contaminated Packaging: Do not reuse empty containers. Dispose of in accordance with all

applicable federal, state, and local regulations.

### SECTION 14: TRANSPORTATION INFORMATION

**14.1 UN Number:** Not classified as hazardous for transport

14.2 UN Proper Shipping Name:Not applicable14.3 Transport Hazard Class:Not applicable14.4 Packing Group:Not applicable14.5 Environmental Hazard:Not classified14.6 Special Precautions for User:Not relevant

Transport in Bulk: Not classified

Land Transport (DOT): Not dangerous goods; this material is considered non-hazardous for

transport.

Road/Rail (ADR/RID): Not dangerous goods; this material is considered non-hazardous for

transport.

Air Transport (IATA): Not dangerous goods; this material is considered non-hazardous for

transport.

Sea Transport (IMDG): Not dangerous goods; this material is considered non-hazardous for

transport.

# 14.7 Maritime transport in bulk according to IMO instruments

Not relevant

### **SECTION 15: REGULATORY INFORMATION**

### 15.1 Safety, health and environmental regulations specific to this substance or mixture

SARA Section 302: No chemicals in this material are subject to the reporting requirements of

SARA Title III Section 302.

SARA Section 313: This material does not contain any chemical components with known CAS

numbers that exceed the threshold (de minimis) reporting levels

established by SARA Title III Section 313.

SARA Section 311/312: No SARA hazards.

TSCA (Toxic Substance Control Act): Substance is not listed.

California Proposition 65: This product does not contain any chemicals known to the State of

California to cause cancer, birth defects, or any other reproductive harm.

15.2 Carcinogenic Categories

NTP (National Toxicology Program): Substance not listed.

TLV (Threshold Limit Value): Substance is not listed.

Product Related Hazard Information: Observe the general safety regulations when handling chemicals.

Water Hazard Class: Generally, it is not hazardous for water.

### **SECTION 16: OTHER INFORMATION**

The above information is believed to be correct but does not purport to be all inclusive and should be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product regarding appropriate safety precautions. It does not represent any guarantees of the properties of the product. Anaerobe Systems shall not be held liable for any damage resulting from handling or from contact with the above product.
